SUSTAINABILITY TIPS

3 Habits for a Green Con...

- 1 Swap & trade. Exchange clothing and props with other cosplayers in the community instead of buying new.
- 2 Thrift it. Charity shop finds go further than you'd think - you'd be surprised what becomes a costume.
- 3 Learn to sew. Start with basic repairs and you'll be building fully custom cosplays before long.
- 4 Bring a reusable water bottle and skip single-use plastic. Water refill stations are available throughout the convention centre.
